EDUCATION

Full Stack Immersion

CareerFoundry 2020-2021

Seven month project-based learning with curriculum focus on JavaScript, HTML & CSS, MERN & MEAN tech stacks, React-Native, and Serverless, Progressive Web Applications.

Juris Doctorate

Suffolk Law School 2000-2003

PROJECTS

MyFlix (React & Angular versions) 2020 - 2021

- Created a single page application with MERN stack to give users the ability to view/interact with display of movies, add/delete movies from list of favorites, and update/delete profile accounts.
- Rebuilt client-side with Angular and Angular Material.
- Utilized HTTP and JWT-based authentication.
- Tested API endpoints during development with Postman.
- Deployed React and Angular clients to Netlify/GitHub Pages and server-side API to Heroku.

JibJab Mobile Chat 2021

- Built Android and iOS compatible mobile application to allow the sending of messages, images, and locations between users.
- Developed with React Native, Expo CLI, and Gifted Chat library.
- Authenticated users through Firebase authentication.
- Stored user data in Firestore Database and Firebase Cloud Storage.

Heroes & Villains 2021

- Constructed JavaScript client with Node/Express server loading 500+ hero & villain characters from MongoDB.
- Provided users with six detailed data categories in modals and sub-modals with various CSS animations/transitions.
- Redeveloped as full-stack application (Client originally only fetched data from third-party API) to incorporate own server/database and better control all aspects of project.

Tech Connect 2020-2021

- Produced a serverless, progressive web application (PWA) with React using a test-driven development (TDD) technique.
- Employed AWS Lambda to host serverless functions and Google Calendar API to fetch user's upcoming events.

PROFESSIONAL EXPERIENCE

Law Offices of Glen R. Vasa, P.C

Law Offices of Vasa & Hutton, P.C.

Attorney/Owner 2006-2018

- Successfully litigated civil cases in the areas of personal injury, real estate and contract law.
- Negotiated settlements exceeding industry expectation for hundreds of clients.
- Implemented all marketing, business development, and client cultivation activities.
